Giant Tanks in Action

THIS 40-TON tank is moving forward with the rest of its squadron following the success of famed British Gold-Standard Guards during recent battles in Tunisia. It is one of the formidable new Churchill tanks, named Friday as the Virginia Post-Dispatch and vice-chairman, respectively, of the Virginia United States Department of Agriculture War Board.

FUEL OIL FOR CANNING

Virginia homemakers who want to go in for canning in a big way, won't find lack of fuel oil an obstacle. In line with the policy of encouraging home canning of fruit and vegetables, OPA has authorized the granting of fuel oil ration stamps for operation of oil-burning cooking stoves used for home canning purposes. Local rationing boards have been instructed to issue necessary ration coupons if the consumer asks for ten gallons or less. If more than ten gallons is needed, the ration will be determined according to the number of hours the stove will be used.

From where I sit . . .

by Joe Marsh

Just as it was written in the Mayflower's log. And it seems that all through our early American history there sort of tempered the hardships and helped to make us a tolerant, moderate people.

From where I sit, beer is the American drink of moderation and friendliness—kind of a symbol of our personal liberty.

Well, that was a new one on us, but Grandma showed it to us
